

# *Leisure Time Ahead.*

*Holiday only with easydriver.*

  
**easydriver**  
MADE BY REICH . MADE IN GERMANY

# Holidays, infinitely simple. With easydriver.

Caravanning is booming – and is even better with **REICH!** So that the best time of year is how it should be: independent, free and simple. At our **factory** we **endeavour to innovate** and create something new and exceptional every day – **for cutting edge Caravanning at the very highest level.** To realise the dream of a perfect home on wheels we have developed, among others, the **easydriver infinity.** Put your feet up while you park your caravan? No problem! Our most advanced manoeuvring device is faster, lighter and more mobile than ever before. All this comes with a really impressive level of technical convenience. This thrusts you into new dimensions of freedom – because the future only begins where great things are accomplished.

*easydriver. Simply free.*

## Devices

Our manoeuvring devices are your caravan's best holiday friends – when it comes to convenient manoeuvring, small turning circles and simple engagement.

- > Easy manoeuvring, even when things get tight
- > With unique, multiple-patented technology
- > Optimal and safe transfer of power from the drive roller to the tyre as a result of the long engaging path and innovative roller surface
- > The special mixture of materials makes the easydriver lighter and protects against corrosion
- > Durable thanks to zero-play engaging mechanism with high-performance sliding bearings
- > Very easy to hitch
- > Zero to minimal loss of ground clearance (depending upon the chassis type)

Single axle caravans

Twin axle-caravans

easydriver infinity 2.5  
easydriver pro 2.0  
easydriver active 2.0 / 2.3  
easydriver basic 1.6

easydriver infinity 3.5  
easydriver pro 2.8  
easydriver active 2.8  
easydriver active 2.8

### easydriver pro

Exceptional for caravanning

For item number see table on right

- > **Automatic engaging / disengaging** at the press of a button
- > For all vehicle sizes
- > Includes radio remote control for all functions with feedback of the device's status indication
- > **Winner** of the Red Dot Award: Product Design, the Plus X Award and the German Design Award Special Mention 2017
- > Award-winning **intuitively simple** easydriver operation

### easydriver active

Engaged / disengaged in an instant: our manual powerhouse.

For item number see table below

- > **Effortless engaging / disengaging** using a hand brace or cordless screwdriver for engagement / disengagement
- > For all vehicle sizes
- > Compact and corrosion-resistant designer housing
- > Includes radio remote control for all functions with feedback of the device's status indication
- > Award-winning **intuitively simple** easydriver operation

### easydriver basic

Manual model with engagement with cross actuation.

For item number see table below

- > simple use of hand brace or cordless power tool for engagement / disengagement
- > attractive entry into the world of easydriver manoeuvring systems
- > **includes radio remote control**
- > **optional: smart control via the easydriver app**

## easydriver infinity

Faster, more powerful, smarter: our companion for the future

- > A clear **enhancement** of the already prize-winning design
- > Significantly better efficiency thanks to 30% more efficient **transmission** and optimized motors
- > The complete mechanics are **optimally sealed** and therefore protected against water ingress
- > **Simpler installation** in the shortest time
- > **Maximum traction and installation flexibility** thanks to the **tyre-free concept** (free positioning of the roller on the tyre) in conjunction with the **longest yet engaging path** of 70 mm
- > Includes app controller as standard
- > Provides you with key **operating data in real-time** (e.g. incline, battery status, etc.)

## Accessories

### myCaravanning App

Your smart travel companion

You're always bound to think, „Wow, I wish I could recommend this to the wider camping community!“ when you're discovering fascinating places with your caravan or motorhome. Well now you can! The easydriver app **myCaravanning** allows you to let everyone else in the **extensive caravanning network** participate and lets you share your experiences so that you rise to become a true camping super-professional. Along the way, the **valuable features offered by our vehicle and weather world** – that are, of course, contained in the app – will assist you. So what are you waiting for?

- > With **easydriver control, tyre pressure monitoring system, spirit level feature, 14-day weather forecast** and **sun alignment feature**
- > **Multiple vehicle profiles** can be selected, whether caravan or motorhome
- > Connection with the **electronic stabilization system (ETS Plus)** to combat swaying
- > Handy dealer and service partner search
- > Access to the **caravanning network**, including digital map with location recommendations and comment function
- > Statistics, rankings and an **active point collection system**
- > **Free** for Apple iOS (iPhone or iPad) and Android
- > For control using the app an additional app controller is required (included as standard with infinity)
- > Easydriver models before 2015 need a software update

Required app controller for the easydriver pro and active: Item number 227-2242

myCaravanning App now available:

### easydriver safetyre

The safe monitoring system for your tyre pressures

- > Simply place the **sensors on the valve** instead of the normal caps
- > Maximum tyre pressure 6.3 bar
- > Content of packet: 2 sensors (if needed 2 or 3 sets can be used at the same time)
- > Display via **free easydriver App**
- > **Replaceable battery** (battery CR 1632)
- > Direct connection **via Bluetooth** 2.4 GHz (signal amplifier not necessary)
- > Operating voltage 3 V
- > Range of temperature -20 °C to 85 °C
- > Weight appr. 9.5 g per sensor
- > Anti-theft protection

Item number: 534-1000

safetyre App now available:

"Most convenient solution" "Caravanning" test report, issue 12/2018

### MPP

Mobility-Power-Pack

Lighter. Not weaker.

- > Battery type: lithium-ion (LiFePO4)
- > Appr. 2,000 charging cycles
- > Combination of power supply (8.8 Ah) + charging electronics
- > 12 V nominal (14.4 max.), permanent load: 80 A
- > Integrated safety function
- > Significantly **longer service life** than conventional lead-acid batteries
- > Even meets the **strict transportation regulations pursuant to the UN-standard**
- > Charging using a mains cable, alternator, solar panel or fuel cell
- > Dimensions: 192 x 181 x 109 mm (L x W x H)
- > **Very low weight: appr. 2 kg**

Item number 526-2080

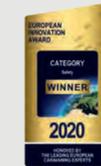

### easydriver flashlight

The caravan hazard warning light system for safe manoeuvring in the hours of darkness

- > **Safer manoeuvring** thanks to **good visibility** in the hours of darkness
- > Hazard warning lights and all-round clearance lights can be selected **individually or both together**
- > **Easy to retrofit**
- > Power comes from a leisure battery, manoeuvring device battery or a dedicated power supply
- > Can also be used with manoeuvring devices fitted with a safety socket

Item number 527-3000

### Easy Wheel

Double jockey-wheel

- > Jockey Wheel Conversion Kit
- > **Easy and safe manoeuvring on all surfaces**
- > Gentle on the manoeuvring device and the caravan chassis, to ensure that you can enjoy even more trips

Item number 537-1000

Scope of supply:

- > Easydriver flashlight electronics box with 2 switches
- > Wiring harness
- > 13 pin socket
- > Mounting materials
- > Operating instructions

Simple to Retrofit
